

Magic Squares

Complete each magic square. The first number in each row and column is the dividend. The second number in each row and column is the divisor, and the last number in each row and column is the quotient.

Example:

| | | |
|----|---|---|
| 10 | 2 | 5 |
| 5 | | 5 |
| 2 | 2 | 1 |

| | | |
|----|---|---|
| 36 | 9 | |
| | | 2 |
| 6 | | |

| | | |
|----|---|----|
| 20 | | 10 |
| | | |
| 4 | 2 | |

| | | |
|----|--|---|
| 48 | | 8 |
| | | |
| 6 | | 2 |

| | | |
|----|--|---|
| 16 | | 2 |
| | | |
| 4 | | 2 |

| | | |
|---|---|---|
| | 9 | |
| 3 | | 3 |
| | 9 | |

| | | |
|----|--|----|
| 30 | | 10 |
| 6 | | |
| | | 5 |

| | | |
|----|--|---|
| 18 | | 3 |
| | | |
| 9 | | 3 |

| | | |
|----|---|---|
| 42 | 6 | |
| 7 | | 7 |
